City's North Area Walloped By Flash Flood Mud Packs; Council Recall Step Hinted

Council to Act

Senior Citizens Is Topic

The Sierra Madre Coordinating Council Tuesday evening asked City Council for appointment of a commission of from five to seven members recruited from various civic organizations to map out a complete plan for help and recreation for this city's senior citizens.

Its leaders, Mrs. Claude H. (Elena) Brown, chairman of the group's Senior Citizens Study Committee; Mrs. George W. Lindsay, Coordinating Council president; Mrs. Peggy (Carl) Cheate, and Miss Clara Sykes went away with a Councilmanic decision to have a temporary committee to consider writing an ordinance covering the situation, and to report at next Tuesday's regular Council meeting.

NEED OF senior citizens the way the Assistance League in Arcadia and the Junior League in Pasadena handled the situation and necessity for helping aged folk who constitute 13 per cent of Sierra Madre's population, was pointed out by various speakers in a 90-minute session following Council's adjourned meeting at which the water situation was the principal business.

The report which represents three years' work by the Coordinating Council, and which pointed out the city has no centralized program of the sort, made the following recommendations:

1—THAT a Committee on Aging be appointed by Mayor W. Vannier Webster, sub-

C. of C. Elects Jackson; Talks Promotion

Sierra Madre Chamber of Commerce Tuesday gave enthusiastic promise of cooperation in a proposal by Earl Stewart, advertising manager of the News, for "Crazy Days" promotion to signalize the annual spring sales

promotion of the merchants and also to mark conclusion of the membership campaign set in motion by President John H. Curtis.

Mr. Stewart who was present, explained the idea for three days of sales accom-

panied by a "Dress Crazy" campaign to be promoted among both merchants and patrons.

Especially enthusiastic about the proposal were President Curtis, Ralph G.

ENTHUSIASTIC SUPPORT of the statewide move to outlaw the Communist Party in California has been manifest in Sierra Madre and environs. Here Louie Van Iersel, one of the few Californians decorated with the rare Congressional Medal of Honor, signs one of the petitions. This booth is in the First Western Bank corridors and watching is Mrs. G. H. Elde and Mrs. Norman Brookes.

Their Position In Flood Situation Is Offered By N. Sunnyside Homeowners

Recently, the SIERRA MADRE NEWS devoted space to the views of the Passionist Fathers of the Monastery regarding the flood situation. Previously, this newspaper had likewise afforded Mayor W. Webster Vannier space for an explanation of the city's viewpoint. Herewith we present the views of the North Sunnyside Homeowners Group as detailed in their exposition sent this newspaper:

"North Sunnyside Homeowners Group present their version of the Michillinda-Sunnyside water controversy.

1. We are not unmindful of, and sympathize with other property owners and their flood problems, but we were presented with a major problem by the City of Sierra Madre on Dec. 7, 1961 when

Many Sign Petitions to Outlaw Reds

The Communist Party in California will be outlawed if the enthusiastic workers here circulating petitions for signatures succeed in their effort.

The petitions are a part of the statewide campaign to get an initiative measure on the ballot next fall, which, if then passed by the voters, would outlaw the Communist Party in this state, make it impossible for Communists or subversives to hold public office or use public buildings for their subversive activities.

THE FOLLOWING, Sec. 19, of the measure, clearly outlines one of its primary objectives:

Sec. 19. Notwithstanding any other provision of this Constitution, no person or organization which advocates the overthrow of the government of the United States or the State by force or violence or other unlawful means or who advocates the support of a foreign government against the United States in the event of hostilities shall:

(a) Hold any office or employment under this State,

City Fathers Order Debris Dams Built

BULLETIN

In City Hall corridors Tuesday night, residents of N. Sunnyside and N. Michillinda, angered at what they term "lack of action in the flood situation," openly talked of instituting petitions for recall of members of the Sierra Madre Council. Whether this will materialize will depend upon possible action to be taken within a few days.

Following Tuesday's flash flood, City Council, at an adjourned meeting that evening, again wrestled with the flood-erosion situation in the N. Michillinda, N. Sunnyside and Skyline Dr. areas. Amid much talk the city fathers reached temporary but not permanent solutions while a crowd from the areas which jammed Council Chambers went away muttering and dissatisfied.

It was decided that in lieu of a permanent dam on Pasadena property at the head of N. Michillinda, three mesh and timber check or debris dams would be constructed to contain mud and debris emanating there from heavy rainfall and floods.

Meanwhile, City Administrator Lawrence C. Bevington and Mayor W. Webster Vannier are to write Pasadena authorities with a view of settling flood dangers on the proposed Murphy subdivision at the head of N. Michillinda and which provides the nub of the entire situation. This also including N. Sunnyside and the Passionist Fathers Monastery.

ADMINISTRATOR Bevington, reporting last Friday's conference with E. C. Kenyon, civil engineer and Milan Ransom, assistant deputy engineer for the County Flood Control District, in which three councilmen also participated, as well as Paul Bauman, special city advisor, asserted that the district is ready to help with materials for check dams, but would have to be absolved from any damages. In this move the District was actuated by the inclination of City Council to invade Pasadena territory at the head of N. Michillinda, come what may.

Later Council enacted a resolution absolving the District from liability for damages in this respect.

Ransom and Kenyon were described as satisfied with what the city has done regarding N. Sunnyside, al-

Nature again loosened a short but terrific mud and water wallop at the N. Michillinda, N. Sunnyside and Skyline Dr. areas shortly after 1 o'clock Tuesday afternoon, inflicting damage estimated at thousands of dollars.

A mountain flash flood of only 10 minutes duration, spearheaded by sweeping, torrential rain, devastated the N. Michillinda and N. Sunnyside areas, particularly Edgeview and Gatewood Terrace, and then sped eastward to belt Skyline Dr. and adjacent streets. A four-foot high wave of mud, water and rocks deluged the N. Michillinda and N. Sunnyside regions, flooding streets, yards and homes.

Strangely enough the storm, with its two-block wide mud wave, left the rest of Sierra Madre practically untouched except for the heavy downpour accompanied by thunder and flash lightning.

THE HOME of Clifford W. Hill at 530 N. Michillinda, was hard hit, with the yard filled with mud and water emanating from the Murphy tract just above.

Debris filled the swim pool of Miss Florence Byrd at 524 N. Michillinda. Damage here is estimated at \$3,000.

Little damage resulted at the Passionist Fathers Monastery but Father Plus reports that the hall there, peeling on the roof, was like "a lot of large moth balls."

FIVE FEET of water leaped over the sandbags at the J. A. Ross home, 430 N. Sunnyside, covering his yard with mud and debris. Four feet of mud coated the front yard of C. R. Carpenter at 440 N. Sunnyside.

Gatewood Terrace residents suffered severely when it was discovered 5-gallon tin cans had blocked the 30-inch water drain there sending the water cascading over the summit and flooding nearby properties, including Edgeview.

This time Carriage Rd. properties, notably those of Joseph Kempker at 1640, and Kem Budak, 1630, which suffered widespread damage in the storm a few weeks ago, escaped practically unscathed.

Brother Joe of the Monastery, went to work with his light skiploader immediately the storm passed, but the mud impeded his vehicle to the extent that he was forced to obtain a heavier one before he could continue his salvage and clearance work.

OTHER HOMES damaged include:

James Brown, 526 N. Michillinda; O. W. Sailer, 681 Gatewood Terrace; Richard Crook, 501 1/2 Woodland Dr.; J. E. Denmore, 485 Gatewood Terrace; Edwin J. Cowan, 475 Gatewood Terrace.

The car of City Administrator Lawrence C. Bevington who was speeding to the scene, struck a rock knocking out the transmission. The car had to be towed to the Carl Hansen garage for

Lee Shippey Writes On Poetry

IN MY YOUTH, I often wrote verse and sometimes bashfully dared hope that some day I might be privileged to kiss the hem of the garment of Poesy, divinity of the Muses.

My excuse for such presumption was the fact that the Ladies Home Journal, Saturday Evening Post, Colliers and numerous other respectable magazines occasionally bought my verses. Once the Poetry Review of London gave me a first prize in a contest, and Robert Frost, when he lived in Monrovia, often visited me.

Once he presented me generously with sheaf of his poems inscribed to "my fellow poet, Lee Shippey,"

Badly Injured Girl And Youth Rescued

A stranded boy and a badly injured girl were rescued from two different locations in the mountains Saturday afternoon by the members of the Sierra Madre Search and Rescue Team. It was a four-hour operation.

First call came at 1 p.m. when Eddie Boon, 9, of 36 W. Alegria, Sierra Madre, who was exploring the mountains with two of his young friends, Rippy Randolph, 6, and Hank De Juang, 7, became stranded on the rock wall of Floral Canyon above the Gale Hershey estate.

Rescue Team members had just brought the boy down of safety when they received an emergency hurry-up call to aid a 12-year-old Pasadena girl who lay injured on a cliffside in the upper reaches of the Big Santa Anita Canyon.

GLORIA HOLGAN of 1919 Summit Ave. was with a

small group of girls attempting to make their way down the steep inclines from the end of the flood control road to Sturtevant Camp when

School Staff Get-together Is Enjoyable

Preceding the PTA Founders Day Program, staff members from Sierra Mesa and Sierra Madre Schools held a dinner at the Headliner Restaurant.

Since this was the first time the two groups have

held a joint activity of a social nature since the schools became part of the Pasadena Unified School System, there were warm greetings of former colleagues and the loud hum of conversation exceeded that of a rainy day in a school cafeteria, according to Mrs. Dorothy Moore Baird, 3rd grade teacher at Sierra Mesa, in charge of the event.

Character is determined by the things a man can say no to.

Friends of Library Offers Sea Film

Friends of the Sierra Madre Library will present the film, "The Sea Around Us," Monday, March 12, at 7:30 p.m. in the Sierra Madre School Auditorium.

This color film demonstrates life in the oceans of the world. Strange creatures of the sea, large, small and weird, must be seen to be believed. An undersea battle between an octopus and a

shark is one of the highlights of this amazing film. The picture is fifth in the series of documentary films sent to Sierra Madre by the Los Angeles County Museum.

Shamrocks, Pipes, Top Hats, Plus 'Roarin' 20's' Theme at Annual St. Patrick's Party

Shamrocks, pipes and top hats will emphasize the green and white color scheme in decorations at St. Rita's Parish Hall, N. Baldwin Ave., Sierra Madre, for the annual St. Patrick's party sponsored by the Holy Name Society of the parish on Saturday night, March 17. Joseph Patrick Sweeney, Holy Name president, announces festivities will start at 8:30 p.m.

This year a "Roarin' 20's" theme will be used for this annual affair so eagerly anticipated by members and friends of the parish. Costumes of the 20's will be much in evidence, although costumes are not required for attendance, according to co-chairmen, Donald Ter-math and Anthony Patrick DePasco.

MUSIC WILL be furnished by the "Tin Lizzie Quintette" and Charleston, twist and other dance contests will vie with the Peppermint Lounge for the perfect execution of the dances of the Roarin' 20's.

A BEAUTIFULLY appointed buffet table will display a wide selection of food for the evening's repast which will be catered by "Little Joe's Restaurant" of Los Angeles. Refreshments are in charge of a committee of Holy Name men including Jules Vecchione, Edward Duckworth, John Stuch, Walter Fleming, John Moe, Dick Judge and Edward Voelka.

Tickets may be obtained from any officer of the Holy Name Society, or from Ticket

Attendance is limited and demand for tickets is always heavy. Those who plan to attend are urged to obtain their tickets early.

Money raised at the St. Patrick's party is used for the annual picnic in May for all the children of St. Rita's School. It is held each May at Farnsworth Park in Altadena.

The PLAZA Shop Talk

By Sewall Clark

HAVE YOU ever listened to someone advising you on "practical matters," only to discover that your span of attention is like a rainbow, momentarily bright and beautiful — then fading off into nothingness?

That's the way I felt last December when a few people advised against my signing the lease to create the Plaza Shop for women's wear. While they talked about "foot traffic" and other things we supposedly didn't have, I kept seeing sword-nosed dolphins, swimming at port and starboard. Then that lovable clown, the porpoise, that loves to tease a sailing ship, racing and criss-crossing the water ahead of the bow.

INSTEAD of calling a psychiatrist, I merely signed the lease — with the quill from a sea-gull's wing. (Please!)

OUR DOWNTOWN location, of course, turns out to be just about perfect — a few steps east of Baldwin on Montecito just off the corner from a large free-parking area.

Surrounded by shops, art galleries and patios, we have indeed a plaza-type location which our customers enjoy as much as we do.

IMPRAC-TICAL? Not very. In all of Trudie's experience as fashion designer and dress manufacturer, through which we are able to buy at such low price, she has never seen anything like it. Even during the heavy rains our customers were millionaires, working girls and housewives with children who should have been wearing lifejackets. I kept hoping for a dolphin or a porpoise, but the only customers who swam to our door were people.

Never mind, old pals — maybe we can dig a pool. Ask Al. Or better yet — "Ask Trudie!" The Plaza Shop 39 East Montecito ELgin 6-1495

Workshops In Art Held At Schools

This has been an exciting and busy school year for the elementary teachers and students of Sierra Madre. Since this is the first year under the unified system, principals and teachers have been orienting themselves to the complexities of a large school organization.

The principals of our two schools, Miss Betty Newton and Edward E. Hawkins, have been endeavoring to use full resources from the Pasadena Unified District for the purpose of enriching the instructional program at all grade levels. An example of this is found in the art workshops which were held March 7 and will again be held on March 14.

Youldon C. Howell, coordinator of art, conducts these workshops. The primary teachers met on the 7th and the upper grade teachers will meet on the 14th. One purpose of the workshops is to provide an orientation to the general philosophy of the art program. Teachers also will have an opportunity to do creative work in

one or more of the art media.

PARENTS of elementary children will be interested in knowing that the In-service Education Program includes demonstration teaching by art supervisors.

This year Miss Dolores Leonard is the art supervisor at Sierra Madre School and Miss Anna Piccolino is the art supervisor at Sierra Mesa School.

While the supervisors teach children, their major purpose is to help demonstrate for teachers appropriate teaching skills in the art area. Supervisors also are available for conferences to help teachers plan interesting art experiences for their students.

Throughout the program emphasis is placed upon creative work. Art is considered a basic experience essential to growth and development of all children. A sound program of education must include vital experiences in the arts, if young people are to have the advantages of a well-balanced program of studies. Only in this way can society prepare young people adequately for their future roles as homemakers and citizens.

Garden Club Dinner Will Be Monday

Regular meeting of the Sierra Madre Garden Club will be held at the Woman's Club, Monday evening, on March 12.

All members are urged to attend as an entire fine program has been scheduled. Mrs. Alice L. Bode of Compton, authority on geraniums and pelargoniums will be the speaker.

Mrs. Bode is a recognized expert in her field, and this is a rare opportunity to get some first-hand knowledge of growing and care of the above flowers.

A SPECIAL CHICKEN dinner is in prospect, as all members are asked to please attend and bring a guest. Dinner will be served promptly at 6:30, business meeting at 7:30. Our attendance has been good this year, so let's keep up the good work.

Mrs. Green Has Pneumonia Attack

Mrs. Roy Green, wife of the proprietor of the Royal Fountain Grill at 15 Kersting Court, is battling a siege of pneumonia which began last Sunday.

7th Annual Purchase Prize Art Exhibit Starts Friday

The seventh annual Purchase Prize Exhibit sponsored by the Friends of the Sierra Madre Library will open Friday, March 9, at the Lopez and Xanadu Galleries.

Contest exhibit this year is of prints and drawings by approximately 81 Southern California artists, according to Lee Wexler, art committee chairman.

A reception for the artists and public will be held at the gallery March 9 at 8 p.m. The exhibit will run through March 30. The galleries are located on E. Montecito.

FROM A preliminary critic's selection of six works from the two categories, those attending the exhibit will determine the two final winners by popular vote.

To each of these the library organization will award a purchase prize of \$100 and the selected works will be added to the library's permanent collection of contemporary California art.

Study Group Will Complete Review

Members of the Congregational Church Study Group will meet Tuesday, March 13, at 10:30 a.m. in the Olive O'Byrne room of the church.

Completion of the review of the book, "Land of Eldorado," will be the theme, with the discussion led by Mrs. Marjorie Green. The meeting is open to anyone interested in the study of Latin America.

Visitors in S.M. From Kansas City

Mr. and Mrs. Nick DePasco of Kansas City, are guests of their son and his wife, Mr. and Mrs. Anthony (Lillian) P. DePasco of 205 N. Sunnyside.

The elder Mr. DePasco, who is 82, surprised his son by cutting the grass at the DePasco home after his arrival here.

IT'LL BE HIPPIITY-HOPPITY fun and frolic Friday and Saturday nights when the annual Parents' Show, "A Night at the Palace Theater" will be presented in Don Benito School cafeteria. Here Mmes. William Morzov, Ben Mead, John Sessions and William Pursley gather around Mrs. Chester Mayo at the piano as they rehearse one of the numbers.

Ranch Roundup

By
Joyce Wenger
SYcamore 8-4777

Spring time is play time, and indeed it is! Don Benito parents launch the talented home town theater season with their presentation of "A Night at the Palace Theater" this Friday and Saturday nights. I told you about this production last week, and I hope you'll take my tip and see the show!

"DECADE DOIN'S" is the title of the Eugene Field parents' show coming up March 22, 23, 24. Lovely and talented Betty Gruwell is in charge of direction and the choreography again this year, and in my book that should assure the production's success. (Remember that beautiful fluorescently lighted Hawaiian number in last year's show?)

I haven't caught the story line on this year's show, but I can tell you there's a host of parents having a ball working behind the scenes. These include Show Chairman Jan Brittle, plus Lee Gillette, Bertha Miller, Jean Green, Evelyn Cannon who does such wonderful things with music; Elsie Sandefur, Laura and Paul Robertson, stage managers; Jack Atkinson, Jo Baker, Susie Meyer, Pat Corsetto, Dick Martin, Mary Haver, Laura Brannon, Lillian Braden, Louise Lingren, Sally Simpson, Phyllis Goddard, Pat Rostker, Lolly Adler, Gayle Schluter, Margo Elmer, Robert Fey, Florence Bower, George Sabin, Mary Lou Hart and Lenore Espe.

JAMES STIVER, vice president of the Board of Education and building contractor, must be an especially busy man these days. Not only is he serving as head electrician for the show, but is also a strong voice in the men's chorus.

BETTY AND CHUCK COATES score again! The witty couple of Hampton Rd. have authored another zany show which the Shakespeare Juniors will present March 22, 23, 24. I can't resist telling you the story line, minus a few surprises, of course. "Make Mine Moonshine"

is a hilarious comedy in which the boys of the "Black Hand Society" find they go "legit."

By a queer twist of fate, (and a free hand by the authors), the little community of East Fricasse, nestled in a mountain valley, never joined the Union. More important they make a lovely product—booze. Thus Bones Barone and his Mafia gang can move in, take over the stills and export legal whiskey to the United States.

The mountain folk, delighted with a little extra cash, set up a monarchy, crown a king and welcome to the coronation, Clair Booth Zellerbach, ambassador from the U.S.A. With her, come the Peace Corps and trouble for the Moonshiners.

There are some surprising events before all problems are solved. If you don't want to miss this merry, mad, musical, call Joan Haefliger, AT 4-0625, for tickets.

ASTRONAUT JOHN GLENN's high praise for the Project Mercury developers, surely included Robert Stanway, president of Montronics, Inc., of Bozeman, Mont. For it was Montronics which designed and developed a frequency synthesizer used in the communications systems of Glenn's flight.

As many of you know, Ann and Robert Stanway and their youngsters were popular Ranch residents until their move to Montana last summer.

On the afternoon of John Glenn's successful orbit, Mr. Stanway was called to the office of Montana's governor to explain his company's contribution to Project Mercury. Now you can all say you knew them when!

"SLOP PARTY"? That's what they called it when Kristi Keilholtz' friends gathered to celebrate her twelfth birthday anniversary last Friday night. Their respectable attire added to the party's merriment which included dancing the twist and stomp.

Guests included Sharon Hyde, Pam Cameron, Kathy Graham, Sherry Wenger, Susan Sahn, Sandy Griggs, Arlene Nardillo, Lisa Griswold, Linda Smith, Carol Hurtig, Melissa Knoll, Scott Thompson, Kirk Schlea, Mike Hawkins, Dick Louis, Jim Mathieu, Scott Graham, Craig Williamson, Ronnie Welsh, Bill Mardian and Paul Dupuy.

It is said that a gambling addict has inner conflict and a need to punish himself. It is also said that he satisfies this troubled spirit more by losing than by winning.

Well, I'll tell you, this just doesn't happen to be my particular problem. I have decided that what I get in life I'll earn the easy way—working. At least it is a happy sort of life.

I have never seen a town with less mirth than the "fabulous" Las Vegas. The rattling of the dice, the pit of the wheels all promising riches that never come, enticing you to try just one more time.

I sat around watching so long on the only place you can sit if you're not at the table—on the planters—that attendants came around to see if I had taken root.

As the saying goes, I'll probably never get rich this way, but I'll probably never be broke either.

THE LADIES in the Kinneloa Canyon group are in for a delightful morning on March 14 at the home of Mrs. Kenneth Coate on Brambling Lane. Mrs. Wilfred Hazen has promised to give them a little talk and demonstration on the art of Yogi.

The additional agenda will include the choosing of a name for the group and plans for the next meeting.

NEW OR FAIRLY new neighbors at 2090 Kinneloa Manyon Rd., are Mr. and Mrs. Robert J. Swain and their two children, Kathy, six, and Todd, just three years old. They moved into their home in October and were evacuated by the fire just two weeks later.

However, they are undaunted and are forging right ahead with their landscaping and interior decorating. They are looking forward eagerly to entertaining this summer around their pool and want to have everything in order by then. Mrs. Swain said that their hobbies include music and will soon include swimming.

Mr. Swain is vice president and division manager of United Electrodynamics

COPIOUS AMOUNTS of snow attracted many skiers on the hill. Among those long weekenders at Mammoth were Mr. and Mrs. Charles Klingerman and their two children, Mark and Janice, of Wynn Rd. They also took Maurine Kitchens of Hastings Ranch with them.

First day and a-half were fine but by Friday afternoon the wind and snow started with such intensity that they were unable to get back to their original lodgings at Crowley Lake, and were virtually snowed out of skiing.

After a big dinner the Mangans served a big sheet cake, bearing the roses for Pasadena and the crown designating the Crown City.

DR. HOWARD OWEN of Villa Mesa was the honoree of a surprise dinner party last Friday, given by his wife. The occasion was the event of his 40th birthday anniversary. Needless to say he received some timely gag gifts which caused a lot of fun and merriment.

Those attending were Mr. and Mrs. John Kinard, Mr. and Mrs. Joseph Mangano, Mr. and Mrs. William Kinard, Mr. and Mrs. Lew Lawrence and Mr. and Mrs. William Caldwell.

MRS. AIKMAN ARMSTRONG of Fairpoint has had enough snow and ice to last her for a little while. She returned last week from a trip that took her right into the heart of Kansas. She said she had to learn to drive all over again on the icy streets. She visited several old friends there and in Denver on her way home.

I SELDOM write about sporting events, but now that Pasadena has its own field and track team I feel compelled to write about a dinner party last week held at the home of Mr. and Mrs. Joseph Mangano of Old House Rd.

Mr. Mangano coaches the

newly formed "Pasadena Olympians" sponsored by the Pasadena Junior Chamber of Commerce. The name is so appropriate inasmuch as so many of the men hold championships from the Olympic games.

There were around 30 guests and among some of them there were Mr. and Mrs. Perry O'Brien—he's champion shot and discus thrower; Mr. and Mrs. Bob Humphries, shot and discus; Mr. and Mrs. Bob Avant, high jump; Hal Connelley, hammer throwing, and his wife, the former Olga Fichtenk, who was the Czech women's discus Olympic champion; Mr. and Mrs. Mel Clipper, runner; Mr. and Mrs. Rink Babka, world discus champion; Mr. and Mrs. Tony Conkle, shotput; Mr. and Mrs. Donald Winton, president; Mr. and Mrs. Jan Rus, and Mr. and Mrs. Jerry Fitzpatrick, ex-Notre Dame track star.

After a big dinner the Mangans served a big sheet cake, bearing the roses for Pasadena and the crown designating the Crown City.

Cub Scouts Blue, Gold Dinner Held

The annual Blue and Gold dinner of Cub Scouts, Pack 383, was held Feb. 23 at the Don Benito School.

"Presidents" was the theme and much credit should go to the Den Mothers and their Cubs for the outstanding decorations on each table.

Master of ceremonies was Cubmaster Robert Ogle. Awards were given out by Lee Campbell. A short business session was conducted by Allen Pulsifer.

A special award was bestowed on Luce Heller, Den Mother chairman, for her six years of devoted service to the organization.

Cunningham, Ford's Friend, Passes Away

Andrew J. Cunningham, 54, once confidential adviser for Henry Ford, and husband of Mrs. Ann Cunningham, proprietor of the Cunningham Stationery store at 156 W. Sierra Madre Blvd., Sierra Madre, passed away Tuesday at St. Luke hospital following a heart attack suffered two months ago. The Cunningham home is at 2326 N. El Molino, Altadena.

Mr. Cunningham who in later years followed the profession of salesman, came to California from Dearborn, Michigan, ten years ago and immediately after he and his wife set up the Sierra Madre business. In Dearborn he had been a confidential adviser and friend of Henry Ford.

Surviving are the wife, two daughters, Miss Grace Ann Cunningham of Inkster, Mich., and Mrs. Dale Sneidherman of Azusa, and three sons, James A. of 51 E. Calaveras, Altadena; Joseph Edward of New Castle, Del., and James P., at home.

Services will be Saturday at St. Elizabeth's Church in Altadena, with interment in Resurrection Cemetery in San Gabriel.

N. Sunnyside Story

(continued from page 1)

people who went to pick up sandbags told that there were none?

On FEB. 14 the city trespassed on Monastery property, continuing the berm across Monastery property to North Sunnyside, thus causing additional mud and debris to our properties.

We are seeking from the City of Sierra Madre, immediate help to stem the flow of mud and debris and a proper flood control program which will solve the flood problems of those property owners to the west of us—not one which will merely transfer a portion of their problem to us.

Why were two homes facing Michillinda allowed to be built in a natural waterway? In fact, why did the city allow this whole area to the west to be developed without drainage facilities adequate to handle the natural runoff from the Pasadena property to the north?

Is it morally and legally right that we, who purchased property which was not in a natural waterway, be forced by the city to accept damage to our properties for an indefinite time, without any protection from the city?

WE WISH to go on record (in regard) to future work on North Sunnyside, that in the past North Sunnyside has been adequate to take care of normal runoff excepting those cases where defective curbs and guttering has caused the water to flow from the street onto private property.

We maintain that it is unfair to suggest (Minutes meeting Feb. 20, 1962) that any property owners be placed in the position of requesting additional taxation upon themselves for storm drains to protect against unnatural flood caused by a decision of the City Council.

We agree wholeheartedly with the Council that property owners should protect themselves, and our earnest efforts have been in that direction. It is unfortunate that in this case it is necessary to protect our property against the actions of our own City Council.

WE INVITE YOU, readers of SIERRA MADRE NEWS, to come up and view this "Little Grand Canyon" and draw your own conclusions as to whether we should be concerned for the safety of our property.

The SUNNYSIDE HOME-OWNERS GROUP wish to take this opportunity to thank the Monastery for their unselfish help and for the use of their equipment and to express our appreciation to the many citizens who so generously came to our aid, particularly the teenagers.

We also wish to thank the SIERRA MADRE NEWS for giving us the opportunity of stating our position in the Michillinda-Sunnyside flood controversy. We are hopeful that within the next few weeks it will be possible to read in the NEWS what the views of the candidates for City Council are in regard to this and other problems confronting property owners in the city.

Senior Citizens

(Continued from page one)

ject to the approval of City Council, on a level with such other bodies as the Civil Defense Commission, Planning Commission, Recreation Commission, etc., in an advisory, non-policy-making capacity.

2-That this Committee be composed of seven volunteer members drawn from such groups as the medical, religious, organizational, business, legal and at-large segments of the community, with representatives from the city, county, state and Federal agencies serving senior citizens acting in advisory capacities, and with established liaison with the Los Angeles County Division of Senior Citizens Affairs.

3-That this committee, meeting in open meeting at regularly stated intervals determined by members of the Committee, elect a chairman and secretary from its members to serve as officers for a term of one year at a time; keep official minutes available to the public, be empowered to recommend members for appointment to the committee, and make semi-annual reports to City Council.

4-That the members serve on this Committee for 1, 2 and 3 year terms, on a rotating basis to provide for continuity and stability, but with reasonable restrictions on succession, to prevent a self-perpetuating body.

5-That the purpose of this Committee shall be to continually survey and investigate the needs of senior citizens in Sierra Madre and to recommend indicated courses of action to City Council or other specified groups in the community, and shall encourage public support, arrange jointly-sponsored programs, etc.

6-That the Committee take under early consideration the Coordinating Council-Senior Citizens Study Committee joint recommendations for the establishment of a long and short range housing policy for senior citizens (and others as the need is determined), creation of a voluntary legal aid society, initiation of an education program for and about senior citizens' needs and services, establishment of a "Stay-Well" Clinic, and, in the opinion of the Senior Citizens Study Committee, the most important action of all—the opening of the Park House or some other such facility on a regularly scheduled basis as a Senior Citizen Social Center, under the direction of a full or part-time director, who will plan and coordinate a program of activities for senior citizens according to their needs and desires and feasibility of fulfilling these needs and desires.

WITH THIS resolution to the City Council, the Senior Citizens Study Committee completes its appointed function, with exception of final completion of the Senior Citizens Directory, and will submit its findings to the Committee on Aging when that body begins its function. Members of the Senior Citizens Study Committee have agreed to act in consulting capacity to the Committee on Aging, when called upon.

The Coordinating Council considers its responsibility fulfilled with the presentation of this resolution to City Council, but stands ready to assist and support the Committee on Aging when it is initiated by the City Council.

Shippey's Column

(continued from page 1)

which I still treasure.

BUT ALL OF US must have been sadly mistaken, for the Saturday Evening Post last week gave a full page with art to a poem by W. H. Auden, the first stanza of which follows:

"Really must you Overfamiliar
Dense companions be
there always
The bond between us
is chimerical surely."
If this is a fair sample of poetry today, then I'm an astronaut, with emphasis on the last syllable. And I doubt if Keats or Shelley ever wrote any "lyric lines" to "compare" with those.

WHILE I AM in this crabby and cynical mood I would like to suggest that even some of the most highly touted television shows, including Ed Sullivan's, could stand a little more high quality and less hokum.

How often, oh, how often, the flattering introduction promises astronomical distances to see or hear, and then some singer yowls at us, not good but loud, or some kid whose records sell (it is said) by millions,

sings and cavorts distressingly.

After all, most of those shows are just vaudeville, lacking one good feature of vaudeville. In its early days, one of the most applauded figures in vaudeville was the man with the hook.

He stood in the wings, holding a long pole with a big hook on one end, and when the act was very bad the audience would shout, "Get the hook," and the man with the hook would step out, gracefully put the hook about the performer's waist and drag him off stage.

bedroom obtained gold opal and zircon rings, a \$20 bill, a 1906 silver dollar, some Mexican pesos, and a black purse containing the coins.

PREVIOUSLY, the burglar was just leaving the rear of a home when Officer Christian, aroused by suspicious circumstances, arrived. Fleet of foot, the burglar managed to jump the rear wall fast enough to evade a bullet from the officer's gun.

The wave of thievery continued, with an intruder, evidently a wino, choosing George Wetherbee's Beverage store, 58 W. Sierra Madre Blvd., as a suitable place in which to quench his thirst—in a big way—early one morning last week.

Cutting through a wire mesh, he pried off the hatch of a rear door and made away with five cases of wine—he touched nothing else.

Incidentally, the Wetherbee store is just across the street from Central Police Station.

DAYLIGHT THEFTS were reported to police by Arnold's Hardware Store, 297 W. Sierra Madre Blvd.

Robert Hatfield, member of the firm, reported theft of a GE radio and a letter opener.

Henry Shane, employee, advised police that a Thorsen combination box and wrenches, the latter in a plastic envelope, were missing.

Orrin G. Frey of 354 N. Canyon reported to police theft of his car.

Council Meeting

(continued from page 1)

though judging from the sentiment expressed at the meeting residents of that area are not and demand immediate and permanent steps to check or divert the mud and water flowing down that and across properties there.

TURNING TO N. Michilinda, cost of a permanent container dam was put at from \$30,000 to \$40,000 and up. The three mesh wire and wood debris dams will cost around \$1,500 and work on them is to start immediately. Ernest F. Mendez of 490 N. Sunnyside and Charles T. Waters of 501 N. Sunnyside, both expressed themselves forcibly in asking Council for immediate and permanent flood control solutions for that area. Both Mendez and Waters, head of the Lions Club, tangled heatedly with Mayor Vannier at times. Waters pointed bluntly that little of a permanent nature has been accomplished there thus far.

TOUCHING ON the question of youngsters riding bicycles on sidewalks, a practice which has been assuming dangerous proportions, Councilman Severin L. Sorensen pointed out that it is largely a matter for parents to handle, rather than to Police Chief Gordon G. McMillan to whom it had been entrusted at a previous meeting.

blood pressure with extreme accuracy.

DAULTON SAID the new division is a logical outgrowth of the firm's well-known background in the aerospace field including high-altitude breathing equipment, specialized oxygen components, pilot helmets and other aerospace equipment compatible with integrated electronic components.

Use of solar cells as a heating device for space suits is also under research and development, he added. Other anticipated uses of the transceiver will be for two-way communication by firemen, construction and oil field workers and others who work in areas of extreme hazard of confinement.

The new facility will include a complete electronics research and development laboratory with specialized equipment. Daulton said the new division will undertake aerospace electronic research and development work for outside firms requiring this service.

repairs.

City crews directed by Bevington and Public Works Supt. C. A. Barkmeyer worked for hours in their effort to clear away mud and debris, this work continuing into Wednesday. Bevington placed 250 additional sandbags at 715 Edgewood Lane near the plugged up drain.

Police Chief Gordon G. McMillan detailed Sgt. Hi Embree and Officer Al Lindkins to patrol the area following the storm.

Pasadena Glen, hard hit in past rains, experienced more water but additional sandbags prevented any extensive damage there.

she was struck by a falling boulder which broke her right leg as she tumbled down a cliff.

With a Los Angeles County sheriff's car with red light and siren clearing the way, members of the Rescue

Team made record time to the accident scene. Three Los Angeles County fire trucks also arrived to assist. Upon reaching the victim, Rescue Team members applied emergency first aid and carried the injured girl from the canyon by litter. She was sent to the Sierra Madre Community Hospital for treatment.

A BEAUTIFUL new gold-toned plaque was displayed and will be awarded to all members, new or old, of the Chamber.

Final steps for the membership campaign, under direction of Douglas R. Delahooke were approved. The campaign will conclude with a Membership Dinner, details of which are yet to be arranged.

Ed Rambeau explained a new map of Sierra Madre which is being prepared and will be available to all citizens.

Building Cost Highest in City History

Building permits for Sierra Madre for January and February total \$969,000, almost \$1 million and highest in the city's history, according to report issued by Boyd Smith and Rosalie Moore of the Building and License Office at City Hall.

The value of 31 permits for February was \$276,251, compared to \$45,900 for the corresponding period a year ago.

Postal Receipts Up

Postal receipts for Sierra Madre showed a 7 per cent gain for February, compared with the corresponding month in 1961, according to statements by Postmaster Charles E. Louk and Assistant Postmaster Guy Rossi. The figure for February was \$15,775.86.

"He that ruleth over men must be just, ruling in the fear of God. And he shall be as the light of the morning...; as the tender grass springing out of the earth by clear shining after rain." — Last Words of King David. Old Testament.

A 'Vessel' For Lent

Lent is a good time for us to strip ourselves "to the bare" of fads, fancies and foibles and in a cloistered manner to confront ourselves with our individual transgressions and necessity for a readjustment and readministration of our faith. If we do this through weeks of solid thinking and sacrifice we will have bettered ourselves appreciably.

This past week's Trylon, published by the Sierra Madre Methodist Church, has this interesting comment titled "Let Us Use Lent."

"Dwight Moody used to say that 'God will pour out as big a blessing as we will provide a vessel to contain.' Lent is our opportunity of 'providing as large a vessel' as possible — of enlarging our spiritual life, of deepening our devotional life, of seeking close fellowship with our Lord Jesus Christ as he 'set his face steadfastly to go up to Jerusalem — and to tragedy.'"

And as we might add "to the hope of life everlasting if we will but heed and practice his precepts."

A Most Unwise Decision

A youth, 21, accused of heading a \$5,000 burglary ring in Sierra Madre, pleads guilty to grand larceny in Pasadena Municipal Court.

This same youth, a self-confessed "Fagin," induced his half-brother, 13, and another lad, 15, to become members of his gang, and to act as lookouts while he rifled home after home in Sierra Madre, including that of Mrs. Leila M. Roberts where he obtained loot valued at more than \$3,000.

And, police have reason to believe that at least six other Sierra Madre juveniles, out of 18 who are being questioned, were members of Albert Dwight Haynie's "thief ring."

WHAT HAPPENED when Haynie appeared for preliminary hearing before Judge Louis T. Fletcher in Pasadena Municipal Court?

Well, as mentioned above, he pleaded guilty.

What did Judge Fletcher do?

Did Judge Fletcher put under bond this self-confessed thief who admitted enticing young boys into his gang of crime?

Judge Fletcher did not!

Instead, he put Haynie on probation — no bond — for hearing on sentence and probation in Superior Court later this month. No bond was imposed to assure Haynie appearing in Superior Court if he can jump in a car and scoot out of the state if he so wishes.

THIS IS a distinct and impressive miscarriage of justice; it is a tremendous letdown for Sierra Madre police striving might and main to thwart an extensive outbreak of juvenile thievery in this city and area. Monrovia and Arcadia police are faced with the same serious situation. Judges should remember that it is their duty to protect the public, not the criminal.

It is time that a lot of judges snap out of their apathetic softness and become tough and hard in administering the law they are sworn to uphold. Being a judge is something else beside donning a black robe and appearing wise in a courtroom.

Too many judges have today become soft and flabby in their legal thinking and in their judgments and, for the protection of the public, should be replaced.

Watch George Romney And Lt. Col. John Glenn

George Romney, the auto manufacturing tycoon, who seeks to become governor of Michigan — and how that financially-harassed state does need a spankably able Republican governor after years of Democratic misrule — believes that the Republican Party image needs improvement. Amen to that!

In this connection he believes there should be more extensive and active participation of the people in their government, citing that he is concerned about the strengthening of state and local government and there are lessons in his remarks for the Republican Party in California.

One way of helping to do this is a vigorous, functioning Republican organization in every precinct in a state, something which this editor has urged for years, a factor which the Democratic leadership clearly recognizes and effects but which a lagging Republican leadership has failed miserably to understand.

"I THINK that the Republican Party," Mr. Romney says, has been too much identified as a business party, as a party influenced importantly by one economic segment of the country. I think this is unfortunate and wrong. I think the Democratic Party, on the other hand, has been identified too much as a union party and that actually union influence in it is too great.

"In Michigan we have experienced these influences to an unusual extent over the past several decades, and what I am certain Michigan needs is a Republican Party that is not responsive to any of the economic groups or pressure groups, but is primarily responsive to the citizens who control that party."

"I am also convinced that not only Michigan but the nation needs at least one political party that is primarily responsive to citizen control and that is dedicated to preserving human liberties on the basis of the modern application of our proven American principles."

"I THINK that the parties themselves have tended to respond to the interest of minority groups, the organized

Research A Leading Factor

Farmer Powerful World Peace Weapon

EDITOR'S NOTE — This is the second of a series of articles by Leland P. Marsh of 657 W. Grand View, touching on the farm situation. The first appeared on this page last week. Mr. Marsh, Iowa-born and conversant with the farm situation, is writing on both the pros and cons of what has become known as "the farm crisis." His second article follows:

By Leland P. Marsh

The United States is the world's largest exporter of agricultural products; 65,000,000 acres of our 321,000,000 harvested acres produce for export. This amounted to \$4,800,000,000 for 1960 which set a new record for products exported.

It has been often said that abundance works for peace. American agricultural abundance is a powerful weapon for world peace. Our farms and other industries are helping to relieve hunger and economic growth in the new countries of the world.

For example, a shipload of food, mainly wheat products, leaves the United States every day for India. Our wheat is providing an additional five billion loaves of bread a year for the people in India and for this we accept foreign currencies from countries that need our farm products but are short of dollar exchange. We also barter or trade agricultural products for defense material, more than \$1 billion worth since July 1954.

IN 1960, each of us consumed the following farm products: 161 pounds of beef, veal, pork and mutton, 35

pounds of chicken and turkey, 204 pounds of fresh fruits, 203 pounds of vegetables, 653 pounds of dairy products, 103 pounds of potatoes, six pounds of sweet potatoes. We can choose from as many as 5,000 foods when we go to the markets: fresh, canned, frozen, concentrated, dehydrated, readymix, ready-to-serve, or in the heat and serve form.

Under the head of clothing in 1960 we used 4,300,000 pounds of cotton or more than 23 pounds a person. That is the equivalent of 24 house dresses or 30 suits for every man, woman, or child in the nation; 404,000,000 pounds of apparel, carpet and carpet wool, or more than two pounds a person.

Research has given these natural fibers new qualities. Especially treated cotton resists everything from wrinkles to fire, and wool can be treated so as to keep it from shrinking when it is washed.

UNDER THE HEAD of shelter, it takes one acre of healthy forest 20 years to grow the lumber for a five-room house.

Farmers and other small land owners control 54 per cent of the nations commercial forest and three out of four forest owners are farmers.

About 400 pounds of paper a person is consumed each year. This requires the net annual wood growth from three-fourths of an acre from commercial growth. One New York newspaper uses the equivalent of the net annual growth of 6,000 acres of commercial forest land for its Sunday issue, or the net annual growth of 500,000 acres every year.

groups. They are aware of the viewpoints of their leaders. I think the parties have tended to pay too much attention to the leaders of these groups on the promise that they have greater power than they actually have.

"In other instances they have moved in and exercised great power as they have in Michigan. When I went to Michigan there wasn't any question but that the Republican Party was excessively influenced by business and the Michigan Manufacturers Association. Today the reaction to that has been the development of AFL-CIO union power in the Democratic Party."

"The excessive influence of the groups in the parties discourages individual participation. Furthermore, as far as I can see the parties haven't really developed the means by which individuals can participate effectively in the parties."

AND MR. ROMNEY adds this pertinent observation:

"I do think that if you take a look at the relative importance of political activity in a free society with other fields of activity, that political activity should have a respect because of its integrity that is second only to religion and education and the home."

Furthermore, he has this to say: "I am greatly concerned about the fact that the reform laws of the Roosevelt era, the labor laws and other laws, have not been modernized to reflect current conditions. The same is true with the anti-trust laws. I am greatly concerned about the excess concentration of power in collective bargaining, both on the part of employers and on the part of unions, and I think the conflict between our labor laws and our anti-trust laws — the labor laws being premised on the principle of monopoly, and the anti-trust laws being premised on the principle of competition — that that conflict in national economic policy be resolved before we can again resume the type of economic progress of which we are capable."

THESE REMARKS characterize Mr. Romney as a vigorous middle-roader, one militantly and constructively progressive and an advocate of wider participation of parties in their parties.

It could be that he is just what "the doctor ordered" in the remaking and revitalizing of the Republican Party, a reformation long needed if it is to again attain the niche conceived for it by Abraham Lincoln and its other founders.

As the months pass and the summer of 1964 approaches we will see. For the present we say, "Watch George Romney!"

Also keep your eyes on Lt. Col. John Glenn. America is raising new leadership. With such men as George Romney and Lt. Col. Glenn, America cannot fail.

The fete will be held at "Scenic Point," the home of Mr. and Mrs. H. T. Fennel, 201 W. Carter Ave. Last year, more than 30,000 visitors saw the vine in full bloom.

Udell has arranged for a special traffic squad to direct the traffic to and from the vine.

Mr. and Mrs. Frank Cox went to San Bernardino Sunday to attend the National Orange Show.

19 YEARS AGO THIS WEEK, March 11, 1943—Most recent storm to break over Southern California brought the rainfall in Sierra Madre well within striking distance of some records established years ago. The total of 42.75 inches registered for the season at the Sierra Madre dam is just around the corner from the 46 inches recorded in 1914 and not too far away from the all-time record of 48 inches set in the soggy wet rainy season of 1890.

Rev. John Neal, rector of the Episcopal Church of the Ascension, underwent a major operation at the Good Samaritan Hospital in Los Angeles at 11:30 o'clock Tuesday morning. Attending physicians reported his condition yesterday as satisfactory.

Forty West Point classmates and friends helped Maj. Gen. Clinton Young celebrate his 81st birthday anniversary at a tea and party held at his home on 131 E. Orange Grove Ave., Monday, March 1. Attending the tea service were Mmes. Clinton Young, the hostess; Herman Hall, Charles Farnsworth, Harry F. Winters and William C. Beschorman.

13 YEARS AGO THIS WEEK, March 10, 1949—William V. Tayce, 37, this week was appointed assistant city engineer and director of public works. He will be paid \$400 a month, the same salary that was paid Howard W. Brod, who left the engineering post Mar. 1 to become city manager of San Carlos. For the past three years Tayce has been with the Austin Company, engineers and builders of Los Angeles.

Edward N. Voorhees, with Mr. and Mrs. H. C. Parker and Mrs. Don Parker, attended a lecture and movie by Charles Nagel on Denmark, Norway and Sweden at the Civic Auditorium, Pasadena, Wednesday night.

Mrs. Walter Brown of 44 Manzanita will entertain the Morning Circle of the Presbyterian Trinity Guild at 11 a.m., March 15. The same day the Evening Circle of Trinity Guild will meet at the William Vensel home, 197 W. Monteito.

7 YEARS AGO THIS WEEK, March 10, 1955—Herbert J. Harrison, a Sierra Madre resident since 1938, Tuesday night was unanimously elected to the City Council to fill the unexpired term of former Mayor Charles E. Louk, who was elected to the body in April, 1954, and whose resignation was made necessary when he became acting postmaster of Sierra Madre last January. Mr. Harrison will serve until April, 1958. Council's newest member is vice president of Mutual Savings and Loan Association of Pasadena and vice president of the West Coast Bond and Mortgage Co. of the same city.

Mrs. Eva Moore of 71 Victoria Lane has returned from a two-weeks visit with her daughter and son-in-law, Mr. and Mrs. P. A. Cassidy, in San Francisco. Mrs. Cassidy formerly lived in Sierra Madre.

News From Sacramento...

'Windy Days' at Our State Capital

By Henry MacArthur
(Capitol News Service—Special to the Sierra Madre News)

SACRAMENTO — March generally is known as the "Windy Month," and March, 1962, promises to live up to that reputation, primarily as a result of all the political wind blowing around these days. And the wind is scheduled to get worse before the June primaries in a couple of months.

Legislators and candidates are still arguing about the action of Speaker Jesse W. Unruh in appointing Assemblyman Joseph Shell, R-Los Angeles, and John Buserud, R-San Francisco, to the Assembly ways and means committee after booting them off when the speaker first became chairman of that committee.

Both Shell, candidate for the Republican gubernatorial nomination, and Buserud, who may run for Congress from Sonoma County, where he has moved, have decided to serve on the committee as the result of a legislative opinion to the effect they can't resign.

SHELL, at a press conference, characterized the appointment as a cheap politi-

cal trick by the Democrats, designed to keep him from campaigning during the legislative recess.

The Republican candidate said his decision to serve on the committee has already cost him about a dozen speaking engagements, and will cost more before it's all over.

Buserud characterized the appointment as having a "frivolous motive" but he nevertheless will serve as directed.

The situation was not without its amusing angles in view of the comment of Governor Edmund G. Brown at a recent press conference. The Governor, asked for comment, said:

"I think that a legislator and a Governor elected for a term of office should make it his first obligation to do the job for which he has been elected."

Then at the close of the press conference, the Governor announced there would be no more sessions with the press for awhile, and called attention to the fact that he had to "seek renewal of his contract."

IN OTHER WORDS, it's all right for a Democrat to cam-

paign on the state's time, but a Republican should stay on the job, even though it costs him votes.

The sallies on both sides turn out to be so much wind, because the business of the state goes on whether the Governor is at his desk or not, and also whether Shell and Buserud are at their desks in the Assembly or on the ways and means committee.

The interesting thing, however, is recognition of Shell's growing strength as a possible opponent for Brown. Earlier, the Democrats considered their opponent solely as Richard Nixon, despite the candidacies of Shell and former Lt. Governor Harold J. Powers.

Now, Governor Brown said Shell was correct when the assemblyman said Brown wasn't sure of his opponent in the finals. The Democrats always have hoped Nixon would wind up with the candidacy on the theory he would be the easiest man to beat, and one leader in the party said Nixon had best get the nomination because he's the only candidate Brown can beat. This, of course, was not an official statement.

Letters to the Editor

Dear Editor:

On a widely-known national news TV broadcast recently, Governor Brown was shown uttering a strong defense of his policy of allowing Communist speakers to use our school buildings in the spread of their vicious, poisonous propaganda to the students of our public schools.

His defense of this attitude was that our school children should be given the opportunity of hearing both sides of Communism and to learn the truth on their own.

How utterly stupid can a man of high office be by the wildest stretch of his imagination does Governor Brown infer that the students in our public schools have the slightest chance of hearing the real truth about Communism from a COMMUNIST of any form of a Communist speaker?

Doesn't Governor Brown know that these speakers are carefully trained to cover up the truth, to deceive and mislead? Didn't he ever read J. Edgar Hoover's MASTERS OF DECEIT? How blind can he be and still hold high public office?

SURELY, the people of this state — after a moment's thought — will not be so gullible as to think that Governor Brown was in the least sincere when he said he wanted our students to know the truth about Communism.

The truth about this vile ideology can be learned only from patriotic Americans who are prepared to tell the truth about it.

If the Governor wants to teach the truth why doesn't he encourage the teaching of true Americanism, the character of our enemies and how and why we should at all times work to protect and defend our cherished freedom?

DON'T we have to work hard enough with our children of school age in keeping them patriotic and loyal Americans in spite of subversive elements on every side of us without having a Governor of the state give such aid to our enemy? Crime, in any form, is something that our school children should be protected from, not purposely exposed to.

To teach our children the evil of the terrible dope habit would the Governor encourage making them dope addicts? Would responsible parents encourage their young daughters to keep company with youth of questionable character in order to teach them a terrible lesson? To learn about the danger of rattlesnakes must we be bitten by them?

Children, in any school, are there to learn. Once we give official blessing to any form of ideology, however vile and untrue, dressed in the innocent — appearing — garments of sheep's clothing, given the sweet taste of sugar-coating, it cannot fail to win a certain number of adherents — yes, even to the point of making them avowed enemies of our country. And this, it appears, is Governor Brown's idea of Americanism.

THE ANSWER to this evil philosophy is placing of the Initiative Measure on next

Rafferty Seeks To Become State School Chieftain

Dr. Max Rafferty, superintendent of Schools in La Canada, has announced his candidacy for the office of state superintendent of public instruction.

Rafferty, in announcing his candidacy, said, "I believe that this state and this nation are dependent for their very survival upon education. Educational theories of the 1930's are outmoded. These theories, too often and too long put into practice, minimized homework, opposed report cards and downgraded subject matter."

Rafferty was a recent recipient of the George Washington Honor Medal from the Freedoms Foundation at Valley Forge.

Monastery's Folk Thanked By Bevington

City Administrator Lawrence C. Bevington has dispatched the following letter addressed to Father Plus, Passionist Fathers Monastery, at 700 N. Sunnyside.

"This letter is to express the appreciation of the City of Sierra Madre for your assistance to us during the heavy rainfall a few weeks ago, and the other work which the city decided to do on the Monastery property."

"While there are clearly evident differences of opinion between the city and the monastery as to the legal involvements in the flood control work, the monastery's voluntary furnishing of the skiploader and operator during the time when the mud was flowing in the Sunnyside area was greatly appreciated."

Sierra Madreans On Committee to Hear Candidates

James Holt, president of the Sierra Madre Democratic Club, and Mrs. Keith M. (Nancy) Seegmiller of 181 E. Already ten persons have been interviewed as possible candidates for the State Legislature and National Congress.

The endorsing conventions will be held in Clifton Junior High School Auditorium, Monrovia, March 17, beginning at 10 a.m.

Sunday Sermon Theme Is 'Man'

The spiritual relationship of God and man will be brought out in the lesson-sermon entitled "Man" in all Christian Sciences churches on Sunday.

Highlighting the lesson-sermon is the golden text from Psalms (100): "Know ye that the Lord is God: it is He that hath made us and not we ourselves; we are his people, and the sheep of his pasture."

Paul counsels in his second epistle to Timothy (3:16-17), "All scripture is given by inspiration of God and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works."

'Christ Life In Art' Film Is Displayed

The Coronet film, "The Life of Christ in Art" was shown as part of the Lenten series at the Congregational Church this Wednesday evening. Preceding the film was the monthly Family Night supper of the church in Pritchard Hall. The film was shown in the Junior Chapel at the church at 7:30.

Some of the most familiar scenes in the Master's life have been captured by the motion picture camera from a collection of paintings representing seven centuries of religious art. The masterpieces are explored by the "fluid camera" technique, with narration from the pages of the New Testament. In connection with the film, Rev. George W. Lindsay, minister of the church, offered the second in his series of Lenten meditations on "The Hidden Life" based on the theme, "The Drama of Christ."

Methodist Notes

The Methodist Church will be host for the World Day of Prayer to all the churches in Sierra Madre. The meeting will be on this Friday, March 9, at 10 a.m.

The worship service was written by the Christian women of Uruguay and emphasizes the theme, "God So Loved The World." The program is being directed by the United Church Women officers.

Beginning in 1887 the idea of a World Day of Prayer for the world wide mission of the Church spread from the United States into Canada, the United Kingdom, Europe and all the rest of the world.

Now in 1962 the Day of Prayer is being observed in 145 areas, creating new patterns of cooperation, breaking down old barriers of race and sect, and sharing together the joys and concerns of fellow Christians in many churches. You are invited to share in this service of prayer.

ROSEBUDS were placed on the altar of the church last Sunday in honor of the birth of a baby in two of our families.

Andrew Glenn Embre was born to Alvin and Emily Embree at the same time that John Glenn was orbiting the earth.

Thomas Victor Nign was born of Dan and Nancy Nign. Our sincere congratulations are extended to these two families!

Rev. Clinton W. Swengel will preach the second in the series of sermons on "Jesus' Five Laws of Life" this coming Sunday. It is called "Animalism Versus Love."

The themes are the central ones of the Sermon on the

Arnold H. Exo Will Lecture Next Sunday

How to apply Bible teachings in solving everyday problems will be the topic of a free public lecture on Christian Science to be delivered in Pasadena on Sunday, March 11, by Arnold H. Exo of Evanston, Ill.

A member of The Christian Science Board of Lectureship, Mr. Exo will speak under auspices of Third Church of Christ, Scientist, in Pasadena Civic Auditorium, Green St. at Garfield Ave., at 3 p.m. His subject will be "How Christian Science Makes God's Power Available."

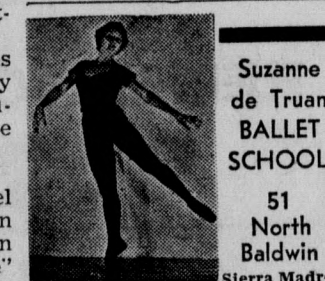

MR. EXO is currently on a nationwide lecture tour. A native of Iowa, he had a successful career in the sales and advertising field prior to leaving the business world to devote his full time to the practice of Christian Science.

He served as a Christian Science Wartime Minister during World War II. Mr. Exo has been an authorized teacher of Christian Science since 1949. He served as First Reader of The Mother Church, the First Church of Christ, Scientist, in Boston, Mass., from 1956 to 1959.

Mount, anxiety vs. trust, anger vs. understanding, deceit vs. honesty, affectation vs. sincerity. The sermon is the same in both services, 9:30 and 11 a.m.

Lent began this Wednesday and continues for 40 days (not counting Sundays) until Easter. It marks the "Days of Passion" of our Lord from the time when "He steadfastly set his face to go up to Jerusalem" to face his enemies until the day of his death.

Lent is an invitation to all Christians to share a closer fellowship with their Lord by devotional reading and self-discipline. It is our opportunity to enter into the suffering and purpose of Jesus.

\$1,240,000 In 33 Stakes At Hollypark

Hollywood Park will present a record stakes program totaling approximately \$1,240,000 during its 1962 thoroughbred race meeting, May 9 through July 23, it is announced by Vice President and General Manager James D. Stewart.

Stewart said the schedule of 33 stakes events, comprising the richest program of added money races in Hollywood history, appears certain to assure the Ingewood track of world leadership in purses paid to horsemen for the tenth straight year.

He estimated that \$2,460,000 would be paid to horsemen in prize money in "over-nights," the non-stakes events which comprise more than 90 per cent of Hollypark's complete program of 440 races. Over-

nights are expected to exceed an average of \$6,000 a race and will boost total distribution to \$3,700,000.

HEADING THE STAKES
program will be four \$100,000 events, capped by the \$162,100 Hollywood Gold Cup July 14. Hollypark's "Race of Champions" will pay the winner \$102,000 and to meet this guarantee and \$60,000 additional in secondary awards the Hollywood Turf Club expects to put up approximately \$140,000 in added money.

The top three-year-olds and up also will meet in the \$100,000 added Californian May 26.

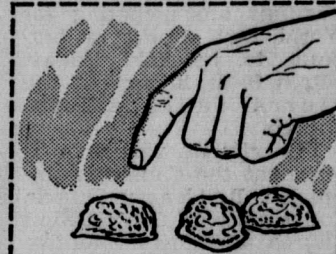

Climaxing the stakes program of nine races for \$245,000 added for two-year-olds will be the \$100,000 added Hollywood Juvenile Championship July 21.

Our planned economy would have more of a chance to succeed if it were not for faulty blueprints.
